PROJECT 276

## Buoyant Childhood

With all its innocence, an urge to explore, full of play and mischief, a bundle of energy, a source of continuous delight, a child is God's gift to man. Enjoy them every moment before you have even realized that they have already grown up.

## Responsible adulthood

On the threshold of adulthood, is the start of the beautiful romance culminating into blissful union of two souls, extending the family, nurturing the off-springs, watching them grow, working for a career, taking on responsibilities, and heaving a sigh of relief on fulfilling commitments.

## Relaxed retired times

Now is the time for the next generation to take over and allow for a relaxed life, connecting to godhead, spending time with grandchildren, reminiscing good old days, guiding the youth, occasionally indulging in mischievous flashbacks and laughing them off. Yes, a life lived well.

Drawing parallel to the above, we have called our project NEEDS 3, Project 276 to highlight the importance of phases and values in human life.

## Adding comfort and aesthetics to posh and green around

### End to end, feel fresh

Stretch and surround yourself with tall, old breezy trees, green bed of soft grass and well-pruned ornamental bushes, all forming lush greenery to give you fresh air 24/7.
